

# Specifications

World-Class Marking Technologies

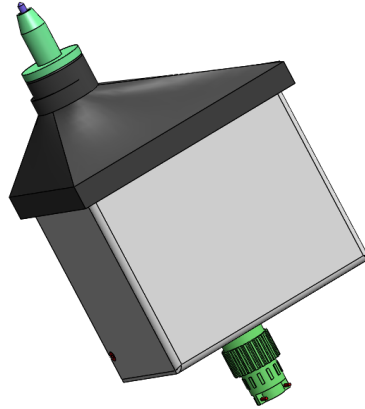

|                                           |                                                          |
|-------------------------------------------|----------------------------------------------------------|
| <b>Model:</b>                             | <b>HD17 (EM SIA 83)</b>                                  |
| <b>Type of Stylus Vibration:</b>          | Electromagnetic                                          |
| <b>Marking Window</b>                     | 80 x 30mm                                                |
| <b>Type of machine</b>                    | Integration Head                                         |
| <b>Machine Construction</b>               | Robust Aluminium body                                    |
| <b>Overall Size of Machine:</b>           | 144.50mm X224mm X 99mm                                   |
| <b>Packing Size with controller:</b>      | 520 x 400 x 400mm                                        |
| <b>Packing Size without controller:</b>   | 300 x 200 x 250mm                                        |
| <b>Weight</b>                             | 3.3 kg                                                   |
| <b>Packing Weight with controller:</b>    | 13 kg                                                    |
| <b>Packing Weight without controller:</b> | 5 kg                                                     |
| <b>Colour of Machine</b>                  | Siemens Grey & Orange                                    |
| <b>Guides</b>                             | High Precision LM Guides on both X and Y Axis            |
| <b>No of Axes</b>                         | 2 Axes                                                   |
| <b>Type of X and Y Movement</b>           | Linear motion and not swivel motion                      |
| <b>Protection</b>                         | Bellows provided as standard supply.                     |
| <b>Connection:</b>                        | 16 pin Military Grade connector                          |
| <b>Requirement:</b>                       | Touch Screen Controller (CN07) for operating the machine |
| <b>Mounting</b>                           | On 4 M8 bolts. Please ask for mounting diagram.          |
| <b>3D Models</b>                          | 3D models available for use on request.                  |
